*STUD CONTRACT*

The Bitch Owner verifies that the respective Bitch is capable of breeding and does not suffer from any contagious conditions (including but not limited to Parasites, Rabies, Parvovirus and Brucellosis).

The Bitch will be covered (bred) a minimum of two to three times naturally during her stay as determined by the Stud Owner.

**As long as there is at least single tie, or the breeding is otherwise consummated (slip tie), there will be no refund of the stud fee in whole or in part. \_\_\_\_\_ (initial here)**

If the above-mentioned bitch fails to whelp, the owner of the bitch must give notice no later than ten (10) days after the due date. **A return service will be given to the same bitch without charge on the next heat cycle with written proof from a licensed veterinarian that the Bitch did not abort or whelp within the last 10 days has been provided.** If the Bitch Owner fails to notify Stud Owner regarding failure to whelp within the above mentioned time limit, return service is forfeited. If other arrangements have not been made in writing between the Stud Owner and the Bitch Owner and the Bitch is not bred on her next season, or is bred to another Stud Dog on her next season, the stud fee is forfeited and the Contract is **null and void**.

If the breeding is successful, a “successful litter” will be defined as **1** or more pups born alive and living at least **14** days. If the puppies are not viable at birth, meaning **ALL** puppies do not live more than **14 days**, written **proof of cause** from a licensed veterinarian will be required and barring Bitch Owner’s negligence, a return service will be given to the same bitch without charge on the next heat cycle.

It is understood that the Stud Owner shall maintain reasonable care of the bitch while at the stud dog owner's facility or under the care of the stud dog owner or agent. **The Stud Owner or agent shall not be held liable/responsible for any loss, injury or death of the Bitch while under their supervision. This clause is non-negotiable.**

The Stud Owner has **no liability/responsibility for any veterinarian care/fees** that may be incurred by the Bitch Owner as a result of this breeding and the subsequent whelping. All costs associated with this breeding and the subsequent whelping are the **sole responsibility of the Bitch Owner**.
